Jack Hartmann

Math All Around Me #19

Make a straight line over,
then a straight line down
Then a nice big curve
halfway around

It's a real cool number,
come on let's try
Sing along with me and
count by five's

5 10 15 20

25 30 35 40

45 50 55 60

65 70 75 80

85 90 95 100
