

# Counting On

From Jack Hartmann's  
Math All Around Me cd #21

Counting on is fun to do,

Counting on as we move.

I'll say a number then do your best.

Count the 3 numbers that come next.

Pat your knees with you hands, let's have fun.

Pat your knees with you hands, counting on.

Counting on is fun to do,

Counting on as we move.

I'll say a number then do your best.

Count the 2 numbers that come next.

Shake your knees back and forth, let's have fun.

Shake your hips back and forth, counting on.

Counting on is fun to do,

Counting on as we move.

You did your best and now we're done.

Numbers can be, so much fun,

so much fun!
