Shape Fill In Game

Materials needed: 1 sheet per pair, 2 different color crayons, 1 die

Directions: Youngest player rolls first. He/she colors in the same number of sections as he/she rolled. Next player rolls. He/she colors in that many sections using a different color. Continue playing until the shape is filled in. Player with the most sections colored in with his/her color is the winner. Skill level variations- Have the players add or subtract 1 or 2 from the number rolled and color in that many squares. Also play using 2 dice. Add the sums.
